

SNIPPETS NEWSLETTER NO 1 2009

WELCOME:

Hello everyone and welcome back to the 2009 school year. For some of you it will be your first experience with school of the air and for others of you it will be a continuing or even final year experience. I hope where ever you are at, that the year is a most rewarding one for you and your family.

HOME TUTOR SEMINAR:

This commences on the 23rd of February from midday onwards. We have a small window of opportunity to organize ourselves with the seminar being early this year. The seminar will again focus on explaining the Distance Learning mode to all parents, in order to get the best outcomes for our children. All children enrolled with Kalgoorlie School of the Air are invited to attend Seminar along with their Home Tutors. A program will run for Home Tutors and students. Teachers are currently planning seminar and a timetable will be out shortly.

Seminar is at no cost to students and Home Tutors.

It will be held at Goldfield's Camp School. Camp runs from midday Monday through to midday Friday.

ONLINE LESSONS:

These commence on Monday 9th February. Teachers will have contacted you with times and follow up with an online timetable. I will be on air at 7:45 am with my own news session for all kids who want to tell me something. This is a voluntary session for those who want to be there.

SUPPORT TEACHER LEARNING:

The school does not have a replacement STL for 2009 but we hope to solve this in the near future.
