

## SNIPPETS JULY 2008

Dear Tutors and parents,

**HOLIDAYS:** Please enjoy the break if you are going to have one. Reports and dispatches are on their way to you. Reports should hold no surprises as they really are an aggregate of what has been said and written about your students during the semester.

**VISITS:** Teachers will be planning visits for term 3 in the first week back. Please note that teachers should discuss with you what they need to do on visits to your location. When they complete their visits teachers submit a comprehensive visit report to me. I am kept abreast of what was achieved during the visit and any recommendations that have been made. On the odd time that we fly to a location we ask that you accommodate the pilot. When this happens, you can invoice the school for the pilot accommodation and meals.

**SPORT CAMP:** This is in week 10 of the third term and as far as I can see we will be having 10 swimming lessons again from Monday through to the Friday and I will let you know how they fit the timetable so we can organize arrival dates. There is no adult accommodation at the camp school as it is fully booked for that week. Of course there is accommodation for the year 1-7 children and supervision by teaching staff. I will talk more about camp next term.

**START DATE:** School starts back in term 3 on Tuesday 22<sup>nd</sup> July.

**STUDENT WORK:** A number of students have made it onto my office notice board for great work. Congratulations Kit, Sophie, Troy, Riley, Sena, Samuel and Duncan. I hope I haven't missed anyone out.

**CENTRA:** The upgrade to our software has been completed and I hope that things will run more smoothly with the system than they have in the past couple of weeks.

Have a happy holiday  
Gerry Keegan  
Principal
